

ABSTRACT

An E-Business portal for connecting sellers to customers. It helps the sellers to grow the business by connecting to the customers in a very easy, smart way. Doing a business with catalog is very easy.

Just register as a seller and once you're validated as an authorized seller by our admin, you're good to go to upload and do business on your own. For every sale seller make, the seller gets paid within the next 7-14 business days.

The seller decide the price of their products and catalog.Ltd charges you a small fee on the successful orders by the customer as per the commission structure decided. The project is made using PHP and Bootstrap (Framework) with MySQL as database.
